HOW TO MAKE A WINNER'S ROSETTE

You will need:

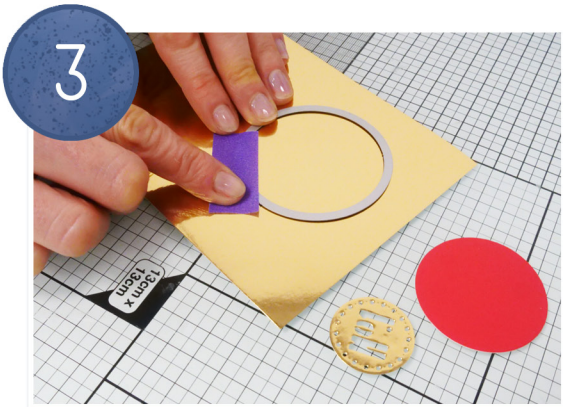

- Winner's Rosette Moonstone Die set (CODE: MSTONE072)
- 2 colours of co-ordinating Adorbale Scorable Cardstock
- Glue gun
- Red High-Tack tape
- Foam pads

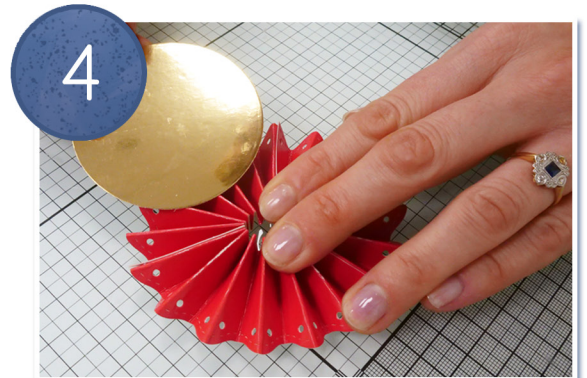

Die-cut 3 Rosette strips.

Accordion-fold the strips along the score lines and attach them together using red High-Tack tape. Connect the ends so you have a continuous loop.

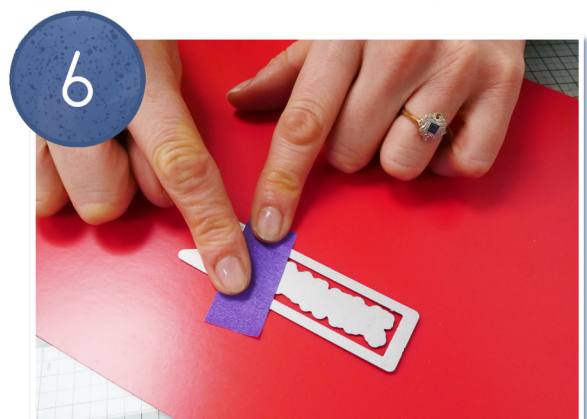

Die-cut a 45mm circle from your cardstock and a 60mm circle and No.1 sentiment from your co-ordinating cardstock.

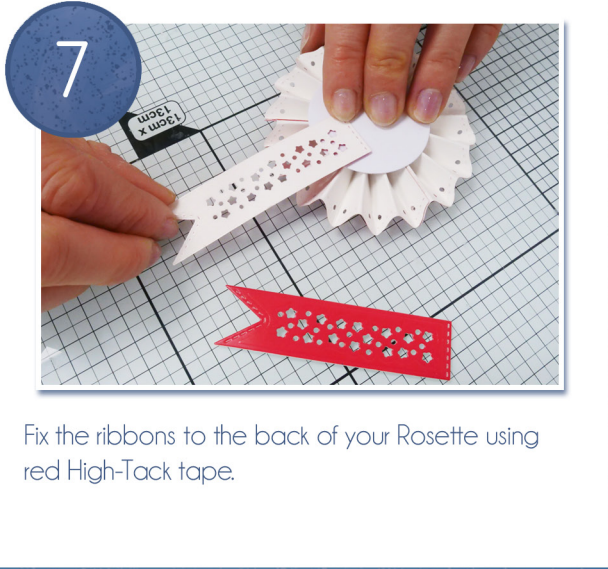

Gather the circle together and press it down in the centre to flatten. Using hot glue, stick the largest topper circle on top of the strips, then hold for a few seconds until secure. You may need a helping hand for this step.

Layer up your smaller topper circle and No.1 sentiment on the topper circle using foam pads.

Cut 2 'Ribbon' pieces using the optional star cut-in die.

Fix the ribbons to the back of your Rosette using red High-Tack tape.
